

Pembroke Regional Hospital

MEMO

To: All Staff and Physicians
From: Project CAPE, Lab and Clinical
Date: November 17, 2022
Subject: Lab Information System GO LIVE November 28th

Project CAPE in collaboration with our clinical managers and Lab has been working towards the Electronic ordering of lab work. The Core lab requisitions were pulled from the units Nov 8th and the Super Users worked with staff on their units to teach and support the staff in this transition.

Monday November 28th at 7 a.m. your lab orders (Core Lab, Microbiology, and Transfusion Medicine) will go electronically to the lab. "Please continue to print until we advise you to stop".

Pathology and cytology and public health will continue to be handwritten.

These are your super users:

Name	Unit	Ext.
Colleen Ferneyhough	AMH	6145
Colleen Gribbon	MED	6240/8340
Jillian Keyes	REST	6023/6060
Jennifer Anthony	Rehab	8154
Jamie-Lynn Thibeault	ER/ICU	6023/6060
Lisa Best	LDRP/SURG	6438/6380

HIS – Order Entry eLearning is available and has been assigned to all nurses. This eLearning includes steps with screen shots for entering lab orders electronically.

Help documents available on the [PRH Intranet \(pemgenhos.org\)](http://pemgenhos.org) – select [Electronic Medical Record \(EMR\) Help](#) then select Bedboard to find Lab Order Entry.pdf and the Core Lab Order Codes.pdf
