

## **Pembroke Regional Hospital**

# **MEMO**

**To: All Hospital and Medical Staff**  
**From: Monique Lafrance-Fleury, Manager, Materials Management**  
**Date: November 14, 2022**  
**Subject: Surplus Nitrile Gloves**

---

During the early time of the Pandemic, the hospital participated in several regional purchasing opportunities of nitrile gloves, both standard and extended cuffs, as a result of the uncertain market and availability of supply.

In order to move along our surplus supply, we will be temporarily replacing the distribution of vinyl gloves with various supply of nitrile gloves.

Once this stock has moved, we will re-instate the supply of vinyl gloves.

In you have any questions or concerns, please reach out to your Manager /Director.

I can also be reached at ext 7720.

Thank you for your cooperation.
