

## **PEMBROKE REGIONAL HOSPITAL**

# **MEMO**

---

**TO:** All Staff and Physicians

**FROM:** Kirsten Johnson  
Clinical Manager, Infection Control, Policy and Procedure,  
Clinical Placements

**DATE:** March 30<sup>th</sup>, 2023

**SUBJECT:** Infection Prevention and Control Program- Hours of Operation

---

The Infection Prevention and Control Program will be reverting back to pre-pandemic hours of operation. Effective immediately, Infection Prevention and Control Practitioners will be onsite and available to assist, Monday to Friday 0700-1600.

For any Infection Control related issues or concerns after hours and on weekends, please contact the Clinical Resource Nurse (ext 6820). Nursing staff must notify the Clinical Resource nurse during this time of new positive micro reports received and of any suspect meningitis or TB cases.

To support this change, the Environmental Services team will now be accessing the Bed board for information related to level of additional precautions and required cleaning. Please support the EVS team as needed to access this information.
