

## **Pembroke Regional Hospital**

# **MEMO**

**To: All Staff and Physicians**  
**From: Kirsten Johnson, Manager of Infection Prevention and Control (IPAC)**  
**Date: 2025 January 27**  
**Subject: Outbreak Over - Rehab**

---

In consultation with the Renfrew County District Health Unit, the RSV outbreak on the Inpatient Rehab unit has been declared over. All outbreak management strategies for the unit are lifted. We appreciate the collaboration and teamwork of all staff and physicians to stop the transmission of RSV on this unit.

Many respiratory illnesses continue to circulate within our community. Please remain vigilant with infection control practices to help reduce the spread of respiratory infections and keep our staff and patients safe. As a reminder, enhanced masking protocols are now in place and masking is required for all patient interactions. Please refer to the “Enhanced Masking Requirements” memo distributed on January 21<sup>st</sup> for more information.
