**Subject:** Queen's University Community Week 2025

---

It is that sunny time of the year again! Pembroke Regional Hospital has once again been invited to participate in the Eastern Regional Medical Education Program (ERMEP) "Community Week" with Queen's University Medical Students.

This program offers first year Medical Students from Queen's University the opportunity to experience a glimpse of rural medical practices early in their education.

This is both a unique opportunity for the students and a great opportunity for our community to promote rural practices, benefits and showcase the area for future recruitment efforts at PRH.

Please be sure to extend a warm welcome to these 10 Queen's Medical Students that are with us through Friday, May 30<sup>th</sup>.
